# GLO BALL

DESIGN JASPER MORISSON 2009

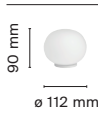

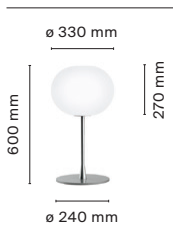

---

The simple concept behind the Glo-ball family of lights is to obtain the maximum diffusion of light, this is achieved by the use of hand-blown, etched white opaline glass. The form: a flattened globe appears, like the moon, as a flat disc when illuminated.

 <p>90 mm ø 112 mm</p>	<p><b>MINI GLO-BALL T</b> Jasper Morrison, 2003</p> <p>1 x MAX 20W G9 HSGS [e] · or 1 LED 2,3W G9 200lm 3000K [e]</p> <p>A+ → E</p> <p>Materials glass</p> <p>Weight 0,4 Kg</p>	<p>Finishes white white m/ dim</p>	<p>Colors ○ F4191009 ○ F4193009</p>	<p>Excl VAT 1.320 1.440</p>	<p>Incl VAT 1.650 1.800</p>

# IC LIGHTS

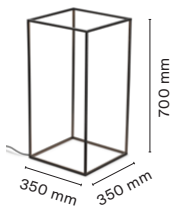

DESIGN MICHAEL ANASTASSIADES 2014

«This collection explores balance. There is a series of lights: table lights, wall lights, ceiling pendants and ceiling mounted lights which take as their basic form a sphere that is perfectly balanced on the edge of a rod. I came across an online video clip of a contact juggler. He was spinning a set of spheres, moving them around on his arms and edge of his fingers. And as I got mesmerized by the magic of his skill, suddenly the spheres look perfectly still. I wanted to capture that exact moment. This was my starting point. The initials IC come from the codes that English police use to define the perceived ethnicity of a person they stop in the street when reporting back to the station. IC1 means white person or Northern European type, IC2 means Mediterranean European/Hispanic, IC3 indicates an African/Afro-Caribbean person, and so on, so this is a playful story to define the different designs»

For å laste ned informasjon om reservedeler/utskiftning og manglende i listen over: [www.flos.com](http://www.flos.com), velg collection/produkt du ser etter - f.eks [www.flos.com/decorative/en/products/floor/Arco](http://www.flos.com/decorative/en/products/floor/Arco) - klikk på "see specs sheet" -klikk "spareparts" og åpne dokumentet. For bilder og bruksanvisning for utskiftning - klikk på de grønne merkene på respektive produkt.

## SALGS- OG LEVERINGSBETINGELSER FOR FLOS NORGE A/S

### §1 Salgsbetingelser

1. Våre salgs- og leveringsbetingelser gjelder dersom ikke annet er skriftlig avtalt. Ved bestilling av varer, forutsettes at kunden erklærer seg enig i disse, samt betingelser knyttet til reklamasjoner, retur og kreditering.
2. Priser og leveringstider for spesialarmaturer er bare bindende for det aktuelle tilbudte antall og typer.
3. På forlangende må kjøper kunne stille garanti for riktig betaling, eventuelt forskuddsbetale leveransen før varen settes i produksjon
4. Flos Norge har eiendomsrett på leverte varer inntil betaling er mottatt.
5. Alle bestillinger og avtaler, bekreftede og ubekreftede, faktureres til bestillingsdagens gjeldende priser.
6. Veiledende priser oppgis i norske kroner (NOK) og inkluderer ikke frakt, merverdiavgift eller andre offentlige særavgifter. Med mindre det er avtalt spesielle priser, gjelder våre prislistene til enhver tid.
7. Bestillinger skal gjøres skriftlig og inneholde korrekt informasjon om faktura- og leveringsadresse. Omfakturerer grunnet feil opplysninger fra kunde, genererer et ekspedisjonsgebyr på 300,-.
8. Dersom en tvist ikke kan løses gjennom forhandlinger, skal Oslo Tingrett være verneeting mellom partene i anledningskontrakten. Avtalen er underlagt norsk rett.
9. Flos Norge har salgspant i leverte varer (Pantelovens §3-13-3-22) inntil kjøpesummen er betalt i sin helhet.
10. Valutajustering kan bli gjort gjeldende dersom kursen mellom aktuell valuta og NOK endres med mer enn 2% (basiskurs vil være Norges Banks midtkurs).

### §2 Garanti og ansvarsbegrensning

1. Garantitiden er 2 år fra leveringstidspunktet. Dette gjelder ikke lyskilder.
2. Garanti på elektronisk forkoblingsutstyr/LED drivere, gis under følgende forutsetninger:
  - anlegget skal ikke ha vært spenningssett, hverken med byggestrøm eller annen form for provisorisk strøm.
  - montasjeanvisning er fulgt.
  - Produkter/anlegg som er programmerbare, eller på annen måte har mulighet for flere innstillinger fra leverandør, må være innstilt av kunde før Flos Norge AS involveres. Dette for å unngå den såkalte «stand-by» problematikken. Forkoblinger som forlanges skiftet og som da i ettertid viser seg å fungere normalt, vil medføre fakturering av medgått tid og utstyr.
3. Slitasje og skade på overflatebehandling og lignende omfattes ikke av denne garantien.
4. Flos Norge AS forbeholder seg retten til uten forvarsel å endre konstruksjon, farge, linjer, form og mål.
5. Alle lampene er godkjent for det Skandinaviske markedet i henhold til EUs normer og regler.
6. I tilfeller hvor Flos Norge leverer trading-produkter, vil denne produsentens/leverandørens garantiordninger gjelde dersom ikke annet er skriftlig avtalt før bestilling. Med trading-produkter menes produkter fra 3. part som ikke inngår i Flos Norges standard produktportefølje.
7. Garanti bortfaller dersom varer behandles feil eller er defekt pga. ytre påvirkninger.
8. Feilsøking i anlegg dekkes ikke.
9. Garantien bortfaller dersom produktene monteres under andre driftsforhold enn forutsatt eller beskrevet i monteringsanvisning eller katalogmaterieil.
10. Utskiftningskostnader skal være akseptert av Flos Norge. De må ikke igangsettes eller påføres kostnader uten skriftlig avtale. Flos Norge har rett til selv å utføre garantiarbeidet.
11. Reparasjoner utført av kjøper uten avtale med Flos Norge fører til at garanti utgår.
12. Flos Norge er ikke, uavhengig av de andre bestemmelser i disse betingelser, ansvarlig for indirekte tap som nevnt i kjøpsloven § 67, 2. ledd eller tapsposter som nevnt i kjøpsloven § 67, 3. ledd. Flos Norge er videre ikke ansvarlig for annet følgetap som arbeidsutgifter, dagmulkt, skadeserstatning, leietap eller annet tap av inntekt, oppdrag eller «goodwill». Dette gjelder uansett grunn for skaden, og uavhengig av hvordan den har oppstått. Flos Norges ansvar i enhver sak er i alle tilfeller oppad begrenset til kontraktsverdien i saken. Ansvarsbegrensningene i denne bestemmelse gjelder både ved forsinkelse og ved mangler/garantikrav.

### §3 Leveringsbetingelser

1. Minstebeløp for frakt er kr 200,-. For alle leveranser beregnes et frakttillegg av netto ordrebølp slik:

Sone 1 – Østlandet	4%
Sone 2 – Sørlandet	4,5%
Sone 3 – Vestlandet og Trøndelag	5%
Sone 4 – Nord Norge	7%
2. Forsendelser av Soft Architectural elementer og skinner over 3m, kan medføre en økt fraktrate.
3. Ved ekspressforsendelse avtales frakttillegg særskilt.
4. Vi er tilsluttet RENAS. For armaturer både ekskl. og inkl. innmonterte lyskilder belastes miljøgebyr av nettosum.
5. Ved kjøp av annet enn hele kartonger lyskilder påløper et gebyr på kr 50,- pr brutte linje.
6. Undersøkelsesplikt; kunden er ansvarlig for å kontrollere varer grundig ved mottak mot pakkeseddel. Feil, skader eller mangler som burde oppdages ved en slik undersøkelse, kan ikke gjøres gjeldende dersom kunden har unnlatt å utføre dette.
7. Reklamasjonsplikt; Varen er forsikret av selger frem til kjøper signerer for at varen er mottatt. Kunden plikter omgående å anmelde transportørs fraktbrev med signatur av sjåfør og mottaker ved synlig skade. Deretter må det umiddelbart meldes inn til Flos Norge.
8. Ved levering direkte til 3. part, er denne å anse som kjøpers stedfortreder og signerer for mottaket av varen på kjøpers vegne.
9. Feil ved forsendelse må meldes skriftlig og uten ugrunnet opphold senest innen 2 arbeidsdager etter varemottak.
10. Anmeldingsfrist for skjult skade er 7 dager. Med skjult skade menes skade på produkt som ikke kan forventes oppdaget ved levering.
11. Flos Norge har intet ansvar for leveringsforsinkelser som skyldes force majeure.

#### §4 Retur og avbestilling

Hovedregel er at varer ikke tas i retur. Dette gjelder alle varer som har vært gjenstand for ordinær bestilling og levert som avtalt fra Flos Norge. Ordre- eller fakturanummer skal alltid oppgis i retursaker.

1. All retur skal avtales skriftlig på forhånd og returordre skal utstedes og må følge varen som returneres. Varer som returneres uten slik avtale, vil sendes tilbake på kundens regning og risiko.
2. Avtalt retur må sendes innen utløp/frist på returordre - normalt innen 7 dager.
3. Alt annet enn Flos Deco produkter ansees som spesialprodukter og dermed ikke-lagerførte produkter. Disse krediteres ikke.
4. Returkostninger dersom avtale om det foreligger, tilsvarer 25% av kjøpesum, minimum kr. 950,- i tillegg skjer returfrakt for kundens regning og risiko, såfremt returårsaken ikke ligger hos Flos Norge.
5. Avbestillinger etter mottak av ordrebekreftelse, er å betrakte som retur, selv om varen ikke er levert.
6. Avtalte returvarer må være komplette salgsvarer, i original emballasje. Varen må være fri for tape og kundens egne etiketter og/eller påskrift. Ankommer avtalt retur i slik stand at det ikke kan tilbakeføres lager, sendes det tilbake på kundens regning og risiko.
7. Trading-produkter krediteres ikke.

#### §5 Reklamasjon

Flos Norges ansvar begrenses til produktfeil som følger direkte av en konstruksjons, material- eller fabrikkasjonsfeil.

Ordre- eller fakturanummer skal alltid oppgis i reklamasjonssaker.

1. Visuelle defekter må meldes skriftlig og uten ugrunnet opphold senest innen 7 arbeidsdager etter varemottak.
2. Feil eller mangler på produkt må meldes skriftlig og uten ugrunnet opphold senest 2 arbeidsdager fra produktfeilen ble oppdaget eller burde ha blitt oppdaget.
3. Flos Norge forbeholder seg retten til å utbedre, eventuelt foreta omlevering av varer med produktfeil. Returavtale utstedes for kontroll hos oss og en eventuell konstatering av produktfeil. Se §4 retur. Det er kun Flos Norge som kan bekrefte at slik produktfeil foreligger.
4. Reparasjoner utført av kjøper for å utbedre feil eller mangler, blir kun godtgjort dersom reparasjonen utføres etter skriftlig avtale. Flos Norge skal informeres og skriftlig godkjenne enhver kostnad som menes å skulle belastes oss.
5. Reparasjon av varer som ikke er forårsaket av produktfeil, belastes kjøper med kr.950,- pr vare. Kostnader for nødvendige deler kommer i tillegg.

#### §6 Betalingsbetingelser

1. Netto 14 dg dersom ikke annet er avtalt.
2. Etter forfall beregnes rente etter loven om forsikelsesrenter.
3. Feil på faktura må meldes innen 7 arbeidsdager fra faktureringsdato.
4. Flos Norge fastsetter den enkelte kundes kredittgrense, som til enhver tid kan revideres.

#### §7 Utlån / prøveoppheng

1. Skriftlig utlånsordre utstedes med avtalt tilbakeleveringsdato som forfall. Utlånsprodukter skal returneres i samme stand og emballasje som de ble utlevert i til avtalt tid. Avvik fra dette belastes kunde.
2. Kunde er i utlånsperioden ansvarlig for lånte produkter.

#### Vi gjør oppmerksom på følgende:

Hvis ikke annet er oppgitt, kommer vegglamper uten påmontert ledning og i noen tilfeller uten bryter. Ingen lamper må løftes kun i stang, alle lamper må løftes i basen. Ledd som knekkes pga feil bruk, ansees ikke som fabrikkasjonsfeil.

Da store deler av vårt produktutvalg lages for hånd, kan det forekomme endringer i fargenyanser og overflater i forhold til utstilte modeller. Man vil således kunne oppleve små bobler i munnblast glass for eksempel.

Elektrisitet kan avgis noe støy i form av during. Mengde av dette vil avhenge av elektronisk komponent, montering, samt overfalte lampen monteres på. Det avhenger også av det elektriske anlegg, samt bruk av riktig dimmer. Støy gir derfor ingen reklamasjonsrett.

Vi gjør oppmerksom på at pærer som følger med lampen enkeltvis, har blitt utsatt for transport og det må derfor påregnes kortere levetid på disse. Vi anbefaler derfor å kjøpe pærer i hele kartonger ref §3-pkt5.

Oslo, 01/09/2017

For å laste ned informasjon om reservedeler/utskiftning og manglende i listen over: [www.flos.com](http://www.flos.com), velg collection/produkt du ser etter – f.eks [www.flos.com/decorative/en/products/floor/Arco](http://www.flos.com/decorative/en/products/floor/Arco) - klikk på "see specs sheet" –klikk "spareparts" og åpne dokumentet. For bilder og bruksanvisning for utskiftning – klikk på de grønne merkene på respektive produkt.

## CLASSIFICATION & HOMOLOGATIONS

### Luminaires classification

Class I: Luminaire in which protection against electrical shocks is not just based on the basic insulation but also on an additional safety precautions consisting of connecting the accesible conductive parts to a safety conductor (earth)

Class II: Luminaire in which protection against electrical shocks is not just based on the basic insulation but also on an additional safety precautions consisting of double reinforced insulation without conductive parts to a safety conductor (earth)

Class III: Luminaire in which protection against electrical shocks is based on the very low safety supply voltage and no voltages are produced higher than this. A Class III luminaire must never be provided with earthing

### Homologations

All lamps manufactured and illustrated in this catalog comply with European Standard EN 60 598 and consequently meet the requirements set forth in Directive 73/23 EEC (Low Voltage Directive). They also comply with Directive 89/336 covering electromagnetic compatibility. All products falling under the scope of the above-mentioned Directives bear the CE mark as proof of their compliance with the respective requirements

The ENEC mark on the product stands for the compliance of European Standard as well as a trustworthy organisation and product system and is guaranteed by an accredited certification body. This agreed mark stands for our engagement and represents the best guarantee in security and quality matter of our products

The Spanish Association for Standards and Certification AENOR, certifies that quality assurance system adopted by Antares Iluminación, S.A. complies with the requirements of the standard UNE-EN ISO-9001 Quality Systems.

## DEGREE OF PROTECTION

<b>IP</b> <hr/> 20	Protection degree offered by the fixture to the ingress of solids and liquids
<b>IP</b> <hr/> <b>20</b>	1st figure, protection against penetration by solid bodies: 0 No protection - 1 Protected against solid bodies over 50 mm in diameter - 2 Protected against solid bodies over 12 mm in diameter - 3 Protected against solid bodies over 2,5 mm in diameter - 4 Protected against solid bodies over 1 mm in diameter - 5 Protected against dust - 6 Fully protected against dust
<b>IP</b> <hr/> <b>20</b>	2nd figure, protection against penetration by water: 0 No protection - 1 Protected against drops of water falling vertically - 2 Protected against drops of water at a max. inclination of 15 degrees - 3 Protected against drops of water at a max. inclination of 60 degrees - 4 Protected against splashed of water - 5 Protected against jets of water - 6 Protected against waves - 7 Protected against immersion - 8 Protected against long term immersion

### Simbologia - Pictography

	Luminaire with builtin power packs or transformers, suitable for mounting directly onto normally inflammable surfaces
	Minimum distance from illuminated objects

In accordance with the provisions of Regulation 874/2012/EU and integration of the Directive 2010/30/EU concerning labeling indicating the energy consumption of electric lamps and the compatibility of lighting appliances with different light sources (integrated or compatible with these), Flos SpA has inserted the required labels, in electronic form, on its website ([www.flos.com](http://www.flos.com)) in the area relating to products. The methods to download the labels in different languages envisaged at Community level are as follows: • Choose the collection/product you are interested in (for ex: <http://www.flos.com/decorative/en/products/floor/Arco>) • Click on "see specs sheet" • Click on "Print Energy Label" • Select the language and print the label
